

Street light upgrades as proposed SCC

**To EPC meeting 19.02.2024
Agenda item 24.02.12 refers**

- Column 124 Church Road: To replace the lantern with a more energy efficient LED will be £440.00 + VAT.
- Pole Bracket 28 Hawk End Lane: To replace the lantern with a more energy efficient LED inclusive of a new weather proof enclosure will be £500.00 + VAT.
- Columns 75 & 76 Oxer Close: To replace the lanterns with a more energy efficient LED will be £880.00 + VAT.
- Columns 31 / 132 Pightle Close: To replace the lanterns with a more energy efficient LED will be £880.00 + VAT. Please note that there is no vehicular access to unit 132 therefore a mobile scaffold will be required which may incur additional costs.
- Columns 127 / 133 Pightle Close: The columns are showing signs of deterioration and will require replacing with hinged columns and LED lanterns and will be £3700.00 + VAT
- Column 60 Rowan Green: To replace the lantern with a more energy efficient LED will be £440.00 + VAT.
- Column 46 Thedwastre Close: To replace the lantern with a more energy efficient LED will be £440.00 + VAT.
- Column 113 Warren Close: To replace the lantern with a more energy efficient LED will be £440.00 + VAT.

Total value of the above works is £7,720.00 + VAT
